SOA EXAM

Probability (P), Financial Mathematics (FM), Fundamentals of Actuarial Mathematics (FAM), Statistics for Risk Modeling (SRM)

EDUCATION

Georgia State University, Robinson College of Business

Atlanta, GA, USA

Master of Actuarial Science: GPA 3.9/4.0

Jan 2026 – May 2027(Expected)

Relevant Course: Predictive Risk Modeling, ERM, Loss Modeling and Ratemaking

Columbia University, Graduate School of Arts and Sciences

New York, NY, USA

Master of Arts in Economics: GPA 3.85/4.3

Sept 2024 – Dec 2025

Relevant Course: Econometrics, Financial Economics, Industrial Organizational, Math Methods

Zhongnan University of Economics and Law, Wenlan School Of Business

Wuhan, Hube, China

Bachelor of Economics, major in Economics and Finance: GPA 3.95/4.0

Sept 2020 – June 2024

Relevant Course: Machine Learning and Finance, Python in Economics, Probability

PROFESSIONAL EXPERIENCE

Actuarial & Risk Management Association

Atlanta, GA, USA

Event Coordinator

June 2026 – Now

- Coordinated ARMA events by communicating with guest speakers, campus offices, and board members
- Managed event logistics, including room reservations, member promotion, parking validation, and on-site execution
- Prepared weekly updates and event reminders for 300+ members through PIN and Outlook

Georgia State University

Atlanta, GA, USA

Research Assistant

Jan 2026 – Now

- Collected, cleaned, and structured research datasets for empirical causal-inference projects
- Built and estimated regression models to examine relationships between key variables and research outcomes
- Conducted endogeneity checks, robustness tests, and alternative model specifications to validate empirical findings

Yingda Securities Co., Ltd.

Shenzhen, Guangdong

Quantitative Investment Intern

July 2023 – Aug 2023

- Queried databases with SQL and used Python to build 6 quantitative factors for investment analysis
- Processed 10M+ records with Python and developed index-closing-price estimation code with error within 1.5%

Guotai Junan Securities Shenzhen Branch

Shenzhen, Guangdong (Hybrid)

Investment Bank Department Intern

Dec 2022 – May 2023

- Supported the IPO project of a major PCB company through document management and daily project coordination
- Researched PCB industry trends, market news, and peer companies to contribute to monthly industry reports
